G. OLD BUSINESS

1. Discussion Regarding Road Repaving, Drainage and Other Capital Item Projects

Mr. Pierman explained that the drain line near the George's property had been authorized and should begin soon. He then presented the proposal from All County Paving, noting that there were options for 1 ½ inch milling and asphalt, flaggers, and additional curbing. He also noted that the cul-de-sac drainage proposal was in the amount of \$52,076 and explained that both the engineer and paver stated

that pitching the asphalt correctly would fix the drainage issue. He noted that the paver recommended adding in a contingency of \$10,000 for proper pitching. Following discussion, there was a Board consensus to add the 1 ½ inch asphalt, flaggers and additional curbing, and requested that the Manager meet with the engineer and paver onsite to ensure the cul-de-sac pitching would be done correctly. Mr. Pierman noted that he would meet with the vendors and bring back a final proposal for the Board to consider.
